Narrative

In accordance with State Law the County Attorney's Office has determined that juvenile names cannot be released to the public.

Will you mention a Juvenile Name: Yes No

Narrative Author: JONES, SANDIE (9711 - 3/18/2015)

On Wednesday, 3/18/15 at 2:30 PM, City of Longmont Emergency Communications received a 911 call from 1620 Green Place, City of Longmont, County of Boulder, State of Colorado. A female named _____ (later identified as _____ DOB: 11/3/1988) called and stated she was seven months pregnant and had been stabbed in the stomach. She stated she was located in the basement of the residence.

Longmont police officers arrived at 1630 Green Place and noted it was a split level home. They walked down into the basement area and noted a large amount of blood on the floor and what appeared to be a trail of blood leading from the northeast bedroom into a utility room. Continuing into the bedroom, officers found _____ lying on a bed with a large amount of blood on her and around her on the bed. On the floor and just under the bed _____ was lying on, officers noted a small knife with a three inch blade. _____ was in and out of consciousness and could barely speak. Officers asked _____ who stabbed her. _____ responded, "I only know her as D." Officers were concerned for _____ life as she went in and out of consciousness, they tried to keep her talking by asking her questions. One of the questions asked of _____ was, what she was doing at 1620 Green Place. _____ answered she was responding to this address in response to a Craigslist ad for baby clothes. Officers looked at _____ cell phone and found a text from "Dynel" giving _____ the address of 1620 Green Place. Dynel was later identified as Dynel Lane (Dynel), DOB: 5/2/1982. _____ sent a text to Dynel stating she arrived at 11:51 AM today (3/18/15). _____ was transported to Longmont United Hospital (LUH) at that point. She was unable to answer any further questions due to her injuries.

Officers remaining at 1620 Green Place observed blood leading into the utility room and then to a washing machine. Looking in the washing machine, it appeared several bloody towels were still in the washing machine in the middle of a wash cycle. Blood was also noted tracked from the basement to the upstairs bathroom. Also in plain view on the kitchen counter was a bill from LUH addressed to Dynel Lane. Officers surmised Dynel was the female, _____ referred to as "D."

While officers were still on-scene, a resident of the home arrived. He identified himself as David Ridley (David), DOB: 6/26/1979. He stated he and his wife, Dynel, live at this address (1620 Green Place) with Dynel's two teenaged daughters. David stated he left work early today and arrived at his residence at about 2:15 PM. He planned on taking Dynel to a prenatal checkup appointment. He arrived home and walked down the stairs toward the basement. As he did so, Dynel walked around the corner covered in blood. She told David she just miscarried and the baby was in the bathtub upstairs. David ran upstairs to the bathroom and found a small baby lying in the bathtub. He rubbed the baby slightly then rolled it over to hear and see it take a gasping breath. David wrapped the baby in a towel and ran back downstairs. He told Dynel to get ready to go to the hospital. As Dynel and David went to David's car (silver, 2008, Ford Taurus, Colorado number plate 013ZLT), Dynel grabbed David's cell phone from his truck (blue, 1986, Ford F150, Colorado number plate 7847GW) saying she was going to call 911. David heard Dynel talking to someone on the phone he assumed was City of Longmont Emergency Communications. Dynel then placed the phone back into this truck. They both traveled to LUH in the silver Taurus. When they arrived at LUH, David escorted Dynel into the Emergency Room holding the baby. He then left LUH to return home to pick up his step daughters arriving home from school.

Dynel's two daughters were identified as _____, DOB: _____ and _____, DOB: _____. Both _____ were brought into the City of Longmont Safety and Justice Center for an interview. During these interviews, _____ stated Dynel showed her and _____ an ultrasound photo of a baby boy in December 2014. Dynel stated this was a photo of the baby she was pregnant with. _____ saw Dynel place this photo in a box with other photos. _____ added the box is somewhere inside the residence at 1620 Green Place but did not know its exact location. _____ added that she could not tell Dynel was pregnant and was very petit.

_____ also stated to Officer Wheeler there was a green, Windows smart phone located in _____ bed or window sill which contains photos of Dynel appearing to be pregnant.

Both of David's vehicles are parked in front of 1620 Green Place. The silver, Ford Taurus had a large amount of blood in it which was observable from the outside by Officer Piotrowski. Officer Piotrowski also saw David's cell phone still located on the seat of the blue, Ford F150.

_____ vehicle was also located parked in front of 1620 Green Place. _____ vehicle is a maroon, 2004, Subaru Forester with North Carolina number plate,

Your affiant received a telephone call from Detective McManus who had just spoken with the emergency room surgeon at LUH, Doctor Nelson. Doctor Nelson examined the incision on _____ abdomen and observed it appeared to be well performed. Doctor Nelson stated the person who did the incision would have to have researched the subject of Cesarean Births in books or on-line to achieve the level of accuracy.

While at LUH, Detective Stacey Graham had been with Dynel. Detective Graham saw no visual signs of vaginal bleeding coming from Dynel or any signs of having recently given birth. Dynel refused LUH staff to examine her vaginally. Detective Graham observed cuts on Dynel's hands. Dynel admitted to Detective Stacey Graham that she cut abdomen open to remove _____ : baby. LUH staff said the baby was approximately 7 months old and would have been viable.

Officer Wheeler and Detective Graham transported Dynel to MCR on a search warrant of her body. After the search warrant is complete, Dynel will be direct transported to Boulder Community Hospital.
